

HIS MIND IS DISORDERED GILLETT'S BIG HOME GREETING

John Shayne, Declared Insane by a Jury, but He Is Not Sent to Institution.

CHICAGO, Sept. 18.—John Shayne has been declared insane by a jury in the county court, and the American Trust & Savings bank has been appointed conservator of his estate. Instead of being sent to an institution, he was given into the custody of his wife, Martha Shayne.

Mr. Shayne for years had been the head of John T. Shayne & Company, State-street merchants, and he was a leader in various civic movements. For twelve months past he has exhibited signs of mental disorder, and his relatives finally decided to go before the court and ask for the appointment of a conservator.

The disorder from which he suffers is declared by physicians to be in the nature of softening of the brain, and caused by overwork.

HOTEL MERRITT IS AGAIN SOLD

Property Changes Hands at an Advance of About \$40,000.

The Hotel Merritt property, on Twelfth and Franklin streets, has been sold to San Jose and San Francisco capitalists through J. H. MacDonald & Co., representing the buyer, and the Lyman Real Estate Company, representing the seller, M. Friedman of San Francisco.

The purchasers were induced to come to Oakland through the influence of Fred Kahn of Kahn Bros., the well-known dry goods firm. The property is 100x100 on the northwest corner of Twelfth and Franklin streets. The improvements include a three-story brick building and basement. The price is over \$150,000. This is an increase of \$40,000 on the recent purchase of the property.

WANTED TO GO HOME.
For getting intoxicated and raising a rough house in a West Oakland saloon yesterday afternoon, William Ross Le Roche, a negro, appeared before Police Judge Samuels this morning. No complaint had been filed, and the case went over until tomorrow morning.

La Roche made a plea for his liberty, claiming that he wished to return to his ranch, where he had a number of dogs that had not been fed for two days. Judge Samuels however, ordered the continuance of the case to stand.

CIVIC CLUB HOLDS SESSION

First Meeting Since Vacation Time Held at First Presbyterian Church.

"Mr. Gillett was given a rousing reception on his return to his home city," said John McCallan of San Francisco to a TRIBUNE reporter today.

Mr. McCallan accompanied the Republican nominee on the voyage of the Pomona to Eureka. The weather was very rough, and Mr. Gillett was a trifle seasick. Otherwise the trip is described by Mr. McCallan as a pleasant one.

"There is no question of Mr. Gillett's popularity with his townsmen, if one is to judge from the warm greeting they gave him," continued Mr. McCallan. "A large crowd assembled to meet him when the steamer landed. He was enthusiastically cheered, and escorted in triumph to the Vance House, where a reception in his honor was held. Many Democrats came to pay their respects to him, and several announced their intention of voting for him. Had the exact time of the Pomona's arrival been known, there would have been an immense concourse at the wharf to welcome him, but, notwithstanding its impromptu character, the reception was a very fervid one."

"I was told on all sides that Mr. Gillett would get an overwhelming majority in Humboldt county. There are some union labor men, mostly Democrats, against him up there, but they don't know whether to vote for Bell or Langdon."

Miss E. Stoy, who contributes to several magazines on the child-labor question, read an able paper on that subject. Mrs. Baldwin, the State chairman, was so impressed with the essay that she invited Miss Stoy to present it at the meeting of the State Federation to be held in February.

A letter from Keith Parlor, in San Francisco, was read asking for financial aid in the rebuilding of the stricken city. A subscription was forwarded by the members.

The usual subjects relating to civic welfare were discussed and feasible plans proposed for the erection of public fountains and for increasing the efficiency of the street-cleaning service. A committee, consisting of the vice-presidents, Mrs. J. M. Turner, Mrs. S. C. Borland, Mrs. F. Thompson, Mrs. Saxe and Mrs. Bushell, was appointed to secure a permanent meeting place.

Miss E. Stoy, who contributes to several magazines on the child-labor question, read an able paper on that subject. Mrs. Baldwin, the State chairman, was so impressed with the essay that she invited Miss Stoy to present it at the meeting of the State Federation to be held in February.

A Jonas, past president of the Merchants' Exchange and Wilbur Walker, secretary of the same organization, also F. W. Bilger, first vice-president, and Edwin Stearns, secretary of the Oakland Chamber of Commerce, were present and addressed the meeting.

Many arguments were used by the different speakers in favor of annexation to Oakland, rather than incorporation as the town of Fruitvale.

Among other statements Mr. Walker said that the residents of Fruitvale would derive far more benefit from annexation than from incorporation as an independent town. An independent incorporation would need large expenditure for a fire department, a police department, a health department, a city hall, a city prison and all the other paraphernalia of a city. In fact, all the machinery of government would have to be built up from the beginning, which was an expensive process.

TOO MANY SMALL TOWNS.

"We have," continued Mr. Walker, "in Alameda county too many small incorporated cities and towns. They should be unified into one city and county extending from the bay to the mountains and from the coast to the inland creek. The incorporation of Fruitvale at this time would retard the formation of this ideal form of government. Therefore, the commercial organizations which have been here for a long time are in favor of annexing to the city of Oakland as much as possible of that outlying suburbs."

"The city of Oakland does not desire the incorporation of Fruitvale, and we have no benefit derived therefrom. In case of annexation, the city of Oakland expends much more money during the first two years than the rest of the annexed districts, but ultimately receives back value for improvements made."

BY LEAPS AND BOUNDS.

"The city of Oakland is growing by leaps and bounds. The suburbs of the city of Oakland are also growing rapidly. The ones which separate us are only imaginary. Fruitvale, Elmhurst, Melrose, Fitchburg and other contiguous suburbs of our city should be part of our city in name as well as in fact."

COME TO OAKLAND.

"We believe in growth and progress. We therefore ask the residents of Fruitvale to become a part of the city of Oakland."

SECRETARY STEAMS.

Secretary Steams of the Chamber of Commerce, called attention to the fact that East Oakland and Fruitvale were now practically one city, but that imaginary line separates them. "What is in a name?" he asked. "Wipe out these imaginary lines and let us be part of a great city. With our population you would make a large ward and would have your say as to the officials of the city, and when the time is ripe for a city and county government you would be a power in the selection of the right officers to govern. The cities on

the side of the bay are so located as to be the geographical and natural site for the greatest city on the Pacific coast, and there are men present here tonight who can help to make it so. Let us make Oakland the most important city on the coast between the imaginary lines that denote Hayward on the one side and Point Richmond on the other. If you were a part of the city of Oakland you would not have to pay your city taxes, and you would receive the same benefits as any other part of the city and your taxes would be less."

COST OF INCORPORATION.

"Consider what it will cost to incorporate and build your public buildings and houses and to pay the engines and horses and a fire department. The more houses which separate us are only imaginary. Fruitvale, Elmhurst, Melrose, Fitchburg and other contiguous suburbs of our city should be part of our city in name as well as in fact."

WE BELIEVE IN GROWTH AND PROGRESS.

THE OFFICE BOY'S BOSS AS A BOOSTER

I overheard a tourist (some of 'em do come to Oakland once in a while) telling one of the boys down in front yesterday that it was my boss who caused him to come to the coast. He said he lived in New York and one Sunday evening he was coming home on a Coney Island car and he heard the smoothest talker he ever heard, telling another man about the beauties of California and he listened to what he said and then he went home and packed up his duds and grabbed his wife and flew for the train. That he afterwards found out that my boss was the fellow who was talking about California and Oakland in particular and it had kindled the fire of travel in his veins and here he was in Oakland, ready to see the pumpkins that were thirty feet around, and apples that weighed forty pounds and grass six feet tall and trees that grew baled hay. He said that all my boss said about his big clothing store was the gospel truth and he believed he would swallow the rest of the dope 'cause if the store was as big as he was he would surely find the cows that gave milk and the flowers that grew and never faded. I tell you my boss is a booster right and he knows how to run a clothes store. Come in and see if he don't. Guess who my boss is. Why none other than

VISALIA, Sept. 18.—It is given out from what is considered a reliable source that the Sierra Pacific railway will connect at a point not far from Springville with Senator Clark's Nevada railroad line, thus giving him an outlet to the Pacific Coast, and giving the Sierra Pacific an opening into Nevada and the Goldfield district. The promoters refuse to discuss the matter, but the project has aroused great interest in Visalia. Rights of way are being offered all along the line of the proposed railroad, and depot sites have been tendered in many places in the country.

COME INTO OUR CITY

Fruitvale Residents Are Invited to Come In and Join With Us.

Last night at a meeting held in Upper Fruitvale Hall the citizens of that section, under the auspices of the Upper Fruitvale Club, decided in favor of annexation to Oakland.

When the proposed annexation shall have taken place a number of thousand people will be added to the population of this city.

The population of Fruitvale is increasing so fast that it is absolutely necessary that a formal government be established, as it is impossible under the present system to obtain fire protection, police protection, street lights and street improvements generally.

D. F. Decker, secretary of the North Fruitvale Improvement Club, realizing the importance of the meeting, sent invitations to the Merchants' Exchange and Chamber of Commerce of Oakland, requesting that representatives of those organizations attend the meeting and present the advantages of annexation to Oakland.

Mrs. Baldwin, chairman of the civic section of the State Federation, was present and complimented the club on its work.

A letter from Keith Parlor, in San Francisco, was read asking for financial aid in the rebuilding of the stricken city. A subscription was forwarded by the members.

The usual subjects relating to civic welfare were discussed and feasible plans proposed for the erection of public fountains and for increasing the efficiency of the street-cleaning service. the Rock Island wreck near Dover, Oklahoma, asserts that only three passengers on the train were saved. The wires were carried down with the bridge. No details are obtainable here.

Another dispatch reports a similar accident on the St. Louis and San Francisco road in Woods County, Oklahoma, midway between Okemah and Ames, where a heavy freight train is reported to have gone through another bridge over the Cimarron river. It is stated that the engineer, fireman and head brakeman cannot be found.

MANY ARE DROWNED.

WICHITA, Kan., Sept. 18.—A telephone message from Hennessey, Oklahoma, eight miles from the scene of the wreck says all the cars excepting the rear Pullman is in the Cimarron river, and that 225 persons were carried into the water. Six persons are reported safe.

DETAILS ARE MEAGER.

OKLAHOMA CITY, Okla., Sept. 18.—A special to the Times-Journal from Lawton, Okla., says: The local Rock Island office is in receipt of vague news of the plunging of the northbound Rock Island passenger train into the Cimarron river, between Dover and Kingfisher, about 5 o'clock this morning.

It is reported that the engine is out

of sight in the river, and both engineer and fireman are killed, and probably many lives lost. It is said that the bridge gave way. Details of the disaster are meager.

MANY ARE RESCUED.

OKLAHOMA CITY, Okla., Sept. 18.—A report has just been received from Kingfisher, stating that many people have been rescued at Dover, a relief train having arrived there from the scene of the terrible accident which befell the Cimarron, Rock Island and Pacific train this morning.

Many people more dead than alive have been placed in the hotels at Kingfisher, while a number of dead bodies have been taken to the morgue there. A number of Kingfisher people were on the train and have not been found.

It is reported that the engine is out

cago, Rock Island and Pacific office reports that the engine, baggage car, mail car and one coach of the northbound passenger train No. 12 are buried in the bed of the Cimarron River, just south of Dover, Oklahoma. The smoker is partly in the river. The two Pullmans, a chair car and a coach, composing the rest of the train, remained on the track. The train went through the bridge at about 5 o'clock this morning. High water had weakened the structure, and the engineer, being unaware of the fact, dashed on to the bridge with usual speed. The engineer, fireman, expressman and post-clerk escaped on a pile of driftwood. The fireman suffered a broken arm.

The offices here are unable to state how many passengers were in the coach and whether any escaped. A brief message was received here from the conductor in charge of the train.

The names of the train crew in charge are unknown.

Relief trains have been sent from Chickasha, Oklahoma, and Hering, Kansas.

DUE IN CHICAGO.

KANSAS CITY, Sept. 18.—Chicago, Rock Island and Pacific Passenger train No. 12, reported to have gone through a bridge between Dover and Kingfisher, Okla., Fort Worth, Texas, this night, will not arrive in Chicago until 9:40. The train made up of engine, combination baggage and mail car, smoker, one coach and one Pullman sleeper. No information of the wrecked train was obtainable at the Kansas City office of the Rock Island railroad and but little was obtainable at the office of the superintendent at Topeka.

In a telephone conversation with the superintendent's office, it was said that all that was positively known was that the engine, baggage, smoker, and a coach were believed to have gone

into the river. It was stated positively that the sleeper remained on the track. Wires were reported down in all directions the result of a heavy storm last night and the railway is trying in every possible manner to reach the scene. It was stated that relief trains had been sent from Hering and Caldwell, Kansas, and probably also from points south of the wreck.

WEAKENED BY RAINS.

The Cimarron river bridge, which is said to have been weakened by the heavy rains and to have taken down under the weight of the train, is three miles south of Dover, in Kingfisher county, Oklahoma.

Special correspondents have been sent to the scene from El Reno, Kingfisher and Hennessey and other Oklahoma points. To date no report so far received from any of the points is that from Kingfisher to the effect that the engineer ran onto the weakened bridge without the least warning, and that the engine and forward cars were reported to be submerged in the river, which had overflowed its banks. The water at this point is unusually deep. The engine is stated to be completely covered up.

The wreck occurred at 5 o'clock this morning, just at about dawn.

Dyspepsia and Stomach Trouble

Mr. W. W. Crouch, of South Framingham, Mass., who suffered severely from complicated stomach troubles, says that great tonic invigorator, Duffy's Pure Malt Whiskey, has restored him to vigorous health. He writes:

"For some years I suffered severely from dyspepsia and complicated stomach trouble. I tried a number of medicines and visited physicians. I hoped to secure permanent relief, but to no avail. I learned of Duffy's Malt Whiskey, and for some years past I have been taking it regularly as directed, and I find that it gives absolute relief from dyspepsia and stomach troubles, from which I suffered. As a tonic stimulant it is without a peer."—W. W. CROUCH, So. Framingham, Mass., June 20, '06.

TO CELEBRATE FOR TWO DAYS

Jewish New Year to Begin at Sundown Tomorrow—Will Be Generally Observed.

The celebration of the Jewish New Year will begin in this city tomorrow evening at sundown, and will continue for two days. This is the most important Jewish service during the year.

Ten days later the Day of Atonement will be observed by the Jewish people in this city. In all the synagogues of Oakland special arrangements have been made for elaborate services by the Jewish people.

Rabbi L. G. Reynolds, who was rabbi of the Jewish Congregation at Salt Lake City for four years and who was recently rabbi of Keneseth Israel Congregation of San Francisco, will have charge of the services to be held at Knights of Pythias' Hall beginning tomorrow evening at sundown.

Rabbi Reynolds represents a new Jewish congregation to be organized in this city. Rabbi Reynolds represents the conservative element in the Jewish population in this city. He is neither radical nor reform. After the holidays this new congregation will be incorporated and a permanent place of worship secured.

The subject of Rabbi Reynolds' sermon on Thursday morning at 10 o'clock will be "The New Year and Its Significance."

The young woman absolutely refuses to disclose more of her identity than that which appears on the hotel register—and then, her name and address, as told above, may be fictitious.

She has already left the Hotel Touraine, and no one, so far as can be learned, knows of her present whereabouts.

Here is how millionaire Colin Stewart of Pasadena and bell boy Ben Decker met an asphyxiation by gas at Touraine, last night.

Mr. Stewart was passing through the hall on the third floor when he suddenly detected the odor of gas.

An investigation on his part failed to trace it to its source and he summoned a bell boy.

Eighteen year old Ben Decker hastily responded and the two men finally traced the escaping gas to room fifty-seven.

Knock ing gently at first and receiving no answer the men resolutely their efforts to arouse the occupant, because Decker was convinced the young woman had retired. When pounding failed, Decker ran to the office below and securing a pass key returned at once to the room.

As he opened the door he was almost knocked down by the volume of the deadly vapor that poured through the opening.

Lying on the bed, her outer garments divested, was Miss Cunningham. The gas was turned on full cock and both windows of the room were tightly closed.

WOMAN SEMI-CONSCIOUS.

Decker's first action was to shut off the gas and open the windows. He then turned his attention to the pretty victim. She was in a semi-conscious condition and could barely stagger to her feet.

Revived by the fresh air, she said she thought she had extinguished the light and declared it was an accident.

Decker insisted upon her leaving the windows and door open and took extraordinary precautions to prevent an explosion by warning all belated guests not to strike a match in the immediate vicinity of the woman's apartment.

ARRIVES AT NIGHT.

Miss Cunningham arrived at the Touraine last evening before dinner and having registered told Chas. Clark, C. K. Loomis that she would only require the room until after breakfast.

She retired about 10 o'clock and half an hour later was discovered by the manager. On the floor of the building, Michigan, and got a free sample package by return mail.

SOME Rape Facts

You can never pick up a newspaper without seeing some fake sale advertisement, and most especially in our respective line of business. We wish you to thoroughly understand that we are not one of this class of dealers who is always selling something for nothing and who claims to be in business for the mere purpose of seeing that you get a piano for less than cost and on easy terms at that. We claim that any house must have a legitimate profit as compensation for their investment and that is all we ask. Every piano we carry is a standard, with a few exceptions, and these exceptions are not endorsed by our house. When you purchase from us we guarantee the instrument fully, if it is worth it; if not you take it on your own responsibility, for when we give a guarantee we aim to make it good as we are thoroughly responsible. When you peruse our list of standard makes of pianos you will readily see why we cannot offer them at ridiculously low prices but remember we always have cheap pianos if you wish to purchase them, which we can sell as low as any house on earth. Better buy a good piano.

The following is a list of our standard grades. Knabe, Mason & Hamlin, Packard, Ludwig, Hardman, Conover, Smith & Barnes, Price & Tippel, Harrington and Cable line. Don't you think you would like one of the foregoing pianos in your home rather than some cheap, unreliable make?

Accompanying the will is a diagram showing the manner in which the deceased wanted his lots divided at Broadway and Telegraph avenue. The estate is valued at \$850.

MACDONOUGH THEATER.

Dennison Thompson's famous rural comedy drama, "John Wootcomb," was presented by the Macdonough, and was warmly welcomed by a capacity house.

The play was excellently staged and

lacks decisive action. The hero, Sven Travis, is an exceedingly weak character, a man without determination, a man who wishes to do things but lacks the character to do them.

Probably the best performance

was given by the likes of Uncle Josie, the old-timer, who has given since he has played at the Ye Liberty. He walked and talked through his part and that was about all there was to it. Isabelle Fletcher made all that was possible out of the character of Bernice Gordon.

The other characters in the play were talking figures and filled in the gaps.

The rally will be a large one and it is expected that there will be a large attendance.

BRINGS SUIT TO EJECT FAMILY LARGE NUMBERS ARRIVING IN

Prominent Family May Lose Home Through Efforts of Savings Bank

Members of Wilders Brigade to Meet in Their Annual Reunion

A suit was filed yesterday by Attorney Herbert L. Breed representing the Hibernal Saving bank to eject the James A. Waymire family from the old family homestead at Walnut street and Buena Vista avenue Alameda. The property which has been in the possession of the Waymire family for more than twenty years is now the property of the Hibernal bank which proposes to remove the mansion to a corner of the property and sell the other lots for building purposes.

It was with regret and sorrow that Breed filed his document which compels the judge to issue an injunction to the wife and two daughters to leave the home they love to seek new quarters. The bank officials say they have been very lenient and that it is a matter of business. In 1889 Judge Waymire was forced to mortgage his home for \$1,900 and gave his note to the Hibernal bank to secure the amount. The mortgage was foreclosed in 1900 and the premises became the property of the bank but the bank officials, realizing the very fact that Waymire had rendered the State leased the property to the former owner. Now the lease has expired and the property has become so valuable that the bank has decided to convert it into lots.

WINTER SEASON AT THE THEATERS

DENVER Col Sept 18—Dibby Bell in the Education of Mr. Pipp opened his Western tour before a large and fashionable audience at the Broadway Theater in this city last night. The event was also the opening of the winter season at the theater.

The story of the play hinges on the career of a Pittsburgh millionaire and in the audience there were many milionaires to witness the education of their prototype.

Among those in this class who witnessed the play were Byron Monchier who was the guest of Thomas F. Walsh; H. W. Bennett; John Shearn; Thomas D. Daly; Lawrence C. Phipps and Crawford Hill.

CARMEN MAY STRIKE AGAIN

E. J. Livernash Is In Great Disfavor With the Union Men

A second carmen's strike is threatened unless the deadlock in the arbitration proceeding is broken before the end of the week. At the meeting Saturday night the union voted to wait until Friday and if the third arbitrator was not selected by that time to call another midnight meeting and submit the question of a second strike to a vote.

Indications of dissatisfaction on the part of the carmen over the way the arbitration proceedings were allowed to lag have been evident for several days and a faction of the men has been clamoring for drastic measures. The company keeps itself informed of the doings of the men through its secret agents and one of the officials of the railroads said last night that he apprehended more trouble. There is an other political influence at work among the men and the outlook is not encouraging. It was the way he stated his impressions gained from direct information of the growing division in the union.

NEW NAMES REJECTED

In the meantime the difficulty over the selection of the third member of the arbitration board continues and the proceedings are at a standstill. Although Thornwell Mullally asserts that he is doing everything in his power to hasten matters to a peaceful settlement he admits that so far as he is informed the three names which he proposed yesterday—Judges J. A. Cooper, Ralph Harrison and S. R. Hall—stand no better chance of acceptance by the union than those on the former lists submitted by the company. Whatever the intention of the parties the result is delay.

LIVERNASH IN TROUBLE

The carmen have lost confidence in Edward J. Livernash. At their meeting Saturday night many of the carmen denounced the attorney in round style. They claim that their interests were sacrificed for politics. Cornelius came to Livernash's defense but he soon found that he had a hard row to hoe.

In explanation of the misunderstanding that had arisen between International President Mahon and the local leaders Cornelius said that the telegram which Mahon sent to him with the information that the International board had voted against the strike after they learned that Calhoun proposed arbitration was written in cipher and that he had lost the key. He informed Mahon of the fact but his answer was not received until the strike vote had been taken.

Livernash will not be counsel for the union in the arbitration proceedings said Bowling. The secretary would not say who would be the one to prepare and present data for the carmen but it is thought about the carmen that the man will be Bowling. Anyway the union will scarcely go out of its own ranks to secure counsel.

Livernash will shortly leave for Denver to take charge of a paper there.

ISTHMIAN CANAL COMMISSION TO MEET

WASHINGTON Sept 18.—The next meeting of the Isthmian Canal Commission is scheduled for October 1 on the Isthmus of Panama but the meeting may be deferred until November at which time the President makes his visit. Chairman Shantz intends to go to the Isthmus with the President, or will be there at that time and if the meeting is deferred he will not be obliged to make two trips.

MANY MARINES TO ASSIST MARIETTA

WASHINGTON Sept 18.—The cruiser Dixie arrived this morning at Cienfuegos, Cuba with 300 marines aboard to assist the Marietta in protecting American plantations there. Her commander makes no report of further disturbances.

LONGER HOURS FOR SALOONS

Proposed Measure Is Introduced Into the City Council.

Providing that the saloons of this city be permitted to remain open as long as longer than in the past an ordinance was introduced into the City Council last night by Councilman W. J. Baucus chairman of the license committee. The proposed measure was referred to the license committee. The ordinance provides that the saloons remain open until one o'clock in the morning instead of until twelve at night. The hour of opening five o'clock in the morning remains the same under the proposed new ordinance.

The Council last night granted the following liquor licenses:

J. A. Rogers 440 Piedmont Avenue

SAN FRANCISCO Sept. 18.—Rather

than subject themselves to the legal tangle which their daughter Mrs. C. E. Maud of Monterey is about to engage in against the Hastings Estate Trust, founded by the late Judge S. C. Hastings Major and Mrs. John A. Darling have gone to Europe for an indefinite stay.

Mrs. Maud, together with her supporters among the Hastings relatives demand a distribution of the Hastings estate. This estate lost heavily in the recent fire, but recently received \$800,000 in cash from the Southern Pacific Company for a block of land at King and Fourth streets. It is this big sum that Mrs. Maud does not want her mother to control. Mrs. Darling has tried to induce her daughter to abandon the fight, but without success so she and her husband who is a retired army officer have gone abroad to escape being subpoenaed to the proceed-

ing.

REBELS ARE AT WORK ONCE MORE

HAVANA, Sept. 18.—Since the return here of the militia trains rebels are again destroying property of the Cuban Western Railroad, a British enterprise. The important bridge near Los Palacios has again been destroyed another bridge at Santa Cruz near Tace Tace and smaller bridges in that district likewise being wrecked. Trains run only as far as Artemisa and there is no telegraphic communication beyond that point.

CHESS PLAYERS ARE NUMEROUS

Large Number of Contestants Have Appeared for University Team.

BERKELEY Sept. 18.—A large number of contestants have appeared for the university chess team. The fact that five of last year's chess team are not in college this year has acted as a stimulus for bringing more men into the field, and twenty-one have already begun play in the contest.

The following have already signed up for the tournament: W. O. Becker '05, G. Clemin '05, R. B. Cook '05, P. Z. Davis '05, R. Z. French '05, W. H. Gilliland '05, C. Gibbs '05, C. E. Hayes '05, A. B. Moore '05, S. I. Towle '05, E. I. Smith '05, A. G. Strong '05, J. M. Wolfson '05, F. Wolfson '05, J. R. Case '05, A. R. Monague '05, W. D. Mairland '05, C. Robinson '05, A. E. Carter '05, and H. L. Dow '05.

Each player will contest with each of the others at the rate of two games per week. Each victory shall count one point, and each draw one half point. The winner of the greatest number of points will receive the Shreve cup, for which the competition is open. Report of the game must be filed in the chess room in North Hall before the Monday following the scheduled dates. In addition a provisional team will be formed composed of all competitors making the highest number of points in the preliminary contest.

All freshmen who are interested in the game are invited to give their names to the membership committee composed of C. J. Gibbs '05, C. I. Keays '05, and P. L. Enhoff '05, for admission to the chess club. Members of the club will be admitted by members of the busy class in the Shreve cup contest.

The championship cup is given by Shreve & Company to stimulate interest in the game and give competitors practice for the annual intercollegiate competition to be held in Berkeley on the 11th and 12th of October. The trophy which is a perpetual cup will be won last year by R. I. Peepert '05.

POLICE ALARM IS WORKING

Installation of New Gamewell System Is Proving a Success

BERKELEY Sept. 18.—The new Gamewell police alarm system which has been installed at a cost of many thousand dollars in the Berkeley police department was put in successful operation yesterday. The major part of the work that was formerly done by the deaf sergeant is now done automatically. By means of the new system, an instant communication with head quarters is made in case of a signal which includes colored lights by night.

LOOK FOR NAMES OF CAR MOVERS

ALAMEDA Sept. 18.—Inspectors of the Oakland Traction company are busy trying to find the names of the young men who stole the electric car on Sunday morning and whizzed it over the tracks to their homes. There was a party at Ninth street and the inspectors are working on the remarkable lead that the car stealers came from the party.

A new feature to the missing car story is the fact that on the way from Ninth street to Park street the car gathered nine passengers. No fare was charged and stops were made anywhere the passengers desired. It is not believed there will be any arrests.

MASK AND DAGGER SOCIETY LIKES DRAMA

Exclusive Woman's Association Is Considering a New Organization at University.

BERKELEY Sept. 18.—The University of California may soon become a place for the study of dramatics if the present rate of increase in that line of student activity continues. Yesterday a new dramatic organization was set on foot at a meeting of what left of the Mask and Dagger society, the exclusive women's dramatic association which last year gave plays in conjunction with the in the Mean Time Club. The new organization which is to be styled "The Players" will admit to membership all those who show an interest in dramatic art. It will form a sort of training society

taking the exclusiveness of their organization wished to bring out what ever latent talent there is among the women students, and at their suggestion the new organization was put into being.

All responsibility for the plays to be given in Hearst Hall will be undertaken by the Misses Cornellia Stratton and her friends.

Editor of College Daily Not Satisfied With Conditions on the Campus

BERKELEY Sept. 18.—The editor of the college daily published at the University of California is not satisfied with knocking conditions on the campus. He makes a plea this morning to the graduates to interest themselves in practical politics. He maintains that the place for the young graduate is in the field of political strife.

After an interview the prevalence of crookedness and selfishness in general politics he writes as follows:

This state of affairs is certainly a fine one for college graduates, the taught principles of brotherhood to come into conflict with the fact that it is safe to say that all graduates men who are opposed to be educated who are supposed to stand for what is right are often the ringleaders in many of these present day political scandals.

But that does not mean that the state of political affairs makes it safe for the sons of every college graduate to get in and mix and to do all in his power to raise the standard of the present day crooked work. One lamentable fact is that many fine men they are above politics and so leave the main important problems of the nation to others. It is better to be a true patriot and be sheep like followers. College graduates should therefore feel it is duty to their country to mix and to mix in the right way.

POLICE GET MANY COATS

Officer Schroeder Interrupts a Game of Crusoe and Boys Leave Apparel

BLRKELEY Sept. 18.—College dramatics are being overorganized according to the contention made this morning by the editor of the college daily. The student editor feels that he is not opposed to college dramatics but considers that the dramatic tilt of the students is so widely diffused among the various dramatic organizations that little encouragement can be in the way of developing this talent. The student editor gives his opinion as follows:

The Daily Californian heartily agrees with the Occidental Magazine that the number of dramatic organizations should be greatly diminished. We are not opposed to college dramatics far from it but white is the use of having an endless number of little groups. We understand that the number is increasing instead of decreasing. The latest is The Alpha Gamma Delta. The Alpha Gamma Delta is a local drama group. Our戏团组织 are almost gone and they will find trouble in getting enough to keep them busy.

Officer Schroeder rudely interrupted a game of croquet going on at the Mastick school on Sunday. The boys playing the game none of them over twelve did not notice the approach of the officer and when they saw him it was too late to grab their coats. That was but one thing to do to escape arrest and this the boys were not slow in doing. They ran and left their coats behind. They were compelled to give excuse why they arrived coatless at home but now the tale is out they are telling other stories of how they lost the coats.

FOUND TEN BEER BOTTLES

Officer Welsh Answers Telephone and Found Many "Dead Soldiers"

ALAMEDA Sept. 18.—Ten beer bottles was the plunder found yesterday by Officer Welsh when he answered a telephone call to the police station telling him that a man had entered the house at the foot of St. Charles street and made off with two sacks of valuables which he had been forced to drop by a young man who saw him walking away with the heavily laden sacks.

Officer Welsh rushed to the home to capture the individual who caused all the trouble but when he arrived he found a mistake had been made as the sacks contained nothing but ten beer bottles. None of the residents in the neighborhood would claim to own them and the police now have them as memorials of the fruitless chase.

COULD BE DONE

He said that the Secretary of State had been notified and as soon as word was heard from him the redistricting of the town could be done. Johnson said that as the meeting was an adjourned one and all the board were not present there might be some question raised if the board proceeded to redistrict the town at that meeting.

GRANTED VACATION

The fire chief asked for a vacation of two weeks. This was granted.

C. R. Morse petitioned the board for permission to build a stairway on the Bancroft way side of the Morse building. The matter was referred to the building inspector.

George Gimshaw the sanitary inspec-

tor on the recommendation of Health Officer G. F. Reinhardt asked the town to pay for feeding his horse which he used for the purpose of riding around to inspect houses. This was agreed to.

NEW SET OF BOOKS

Town Assessor F. L. Wharf asked the board for a new set of block books. He claimed that the books recently adopted by the county were greatly superior to the ones used by the town of Berkeley. Besides said Wharf they can be bought at a cheaper rate. The board thought he was right, and on a motion of Director Connors ordered new books purchased.

SYSTEM COMPLETE

The Gamewell fire alarm people through their representative A. H. Coffey announced to the board that the new system is complete and ready for inspecting with the exception of the colored siren lights. The communication was ordered placed on file.

Chief Kenny of the fire department was present on the board, and said that he had a man under him who wired the fire alarm system, but now according to the new ordinance, the city electrician had authority over the wiring of the fire alarm.

TO CONFER

To help Chief Kenny in his dilemma,

Landon the owner of the Allston way skating rink asked permission of the board to build an annex to his building. He stated that his structure was within the fire limits but in the annex he wanted to erect a wooden wall. This was denied and the matter laid on the table.

It was moved and seconded that the map No. 3 of the Key Route Terrace be adopted. This was ordered. The adoption of the map in question was the cause of much debate because of the fact that the Peralta street and a portion of Gilman street was on the map made twenty-five feet wider.

NEW LIGHTS

A petition for an electric light at the corner of Shattuck and Channing way was referred to the electric light committee.

A similar petition from the Ramona Candy Company for four lights on Bancroft, between Addison and Third was also referred to the same committee, as also was a petition for a light on Bancroft and Grant.

A petition for a light on California and Delaware received similar treatment.

TOWN PRINTING

The matter of the town printing over which there had been much dis-

cussion was settled last night by a motion which was carried, that all bids now received should be rejected. Trustee Connors moved that the matter be referred to the town attorney for his adjudication. The attorney was author- ized to draw up specifications figuring on 224 eads of nonpareil as a square for town printing.

BERKELEY Sept. 18.—Fourteen-year-old Helmar Rose has not taken to heart the moral of the true story of George Washington and his little hatchet.

Helmar disappeared last month from his home in South Berkeley and upon his return a day or so ago told his mother a harrowing tale of how he had been run down by an express wagon in

Oakland and then been treated at the receiving hospital in

the establishment of a planing mill in

that section. The matter was taken

committee. Donald Cohen appeared

before the trustees and stated that he

wished to protest against the issue

of a permit for the building.

A man representing the Tucker estate, stated to the trustees that J. B. Breault had been awarded the contract to rebuild the Tucker building which was damaged in the earthquake. The building committee of the city fathers will confer with Breault about the changes to be made.

Chief Krauth of the fire department

stated that the walls of the building

Sentiment Must Be Set Aside.

There is no doubt that the prosecution of some important plans of public works and the carrying out of many private enterprises have been delayed in Oakland during the past five months in deference to a false sentiment that such action might be construed as an attempt to take an undue advantage of the misfortunes of the metropolis. Oakland has, however, shown in every act performed since the calamity of last April a self sacrificing and sympathetic disposition toward San Francisco and its people. But this community has reached a point in its career when all false sentiment must be set aside and every interest private and public, within it must face the situation as it actually is and act accordingly. The additions to our trade and population which the disaster of last April suddenly thrust upon us without any solicitation or intervention on our part are here to stay. They have become an integral part of the community and are therefore inseparable. It is time that this condition should be fully recognized.

It is now a well established fact that tens of thousands of the former residents of San Francisco who were driven out of that city by the earthquake and conflagration and sought refuge in Oakland with the intention of taking up here a temporary residence only have decided to remain and have become a permanent part of the population. The same is likewise true regarding hundreds of industries and business organizations. The translation of these important factors in the activities of a community was forced by uncontrollable circumstances but it was the means of saving them from being totally lost or destroyed. These elements found a congenial and profitable location, and have become fixtures here. Sentiment has little if any place in their future plans, for sentiment cuts no figure in trade.

It is not at all improbable that during the coming months a still greater demand will be made on Oakland and neighboring cities to furnish accommodations for a much larger population than they are harboring now. It is represented that about five hundred buildings nearly all residences are going up at the present time in Berkeley, and there are probably double the number in progress of erection in this city. Besides commerce and the industries are making new and greater demands on the business quarters not for temporary but for permanent occupation. We are face to face, therefore, with the condition that an absolutely permanent change has taken place in Oakland's municipal life which must be met without any regard to what effect the fostering of it may have upon any other city. The new blood which has entered the community demands it, and whether the older residents of Oakland like it or not this new element will force the development of such public and private improvements as will best serve its interests and wants without any regard to any sentimental consideration.

Delay in the selection of a third arbitrator for the settlement of the differences between the Carmen's Union and the United Railroads Company of San Francisco threatens to result in another strike at the end of the week. Irreconcilable differences are said to have arisen between Assistant to the Railroads President Thornwall Mullally and President Corrigan of the Carmen's Union which has caused a deadlock. It will be a great misfortune should another suspension of the street car service occur, not only because of the discomfort to which it will put the residents of the metropolis and the obstruction it will produce to business but because of the almost certainty of it to engender bad blood and resort to violence. Every social, moral, industrial and political influence in the community should be brought to bear on both sides to force an amicable settlement.

According to an official statement made to the San Francisco Relief Corporation nearly \$3,500,000 of the \$9,000,000 contributed for the care of those rendered destitute and homeless by the April conflagration is being held up in the East by the Red Cross and other organizations controlling the money and there is real danger of its being diverted by them from the purposes toward which it was donated. This is undoubtedly due to the evidences of graft and maladministration on the part of the management which have been exposed from time to time. Even the management of the relief corporation which succeeded the original committee and took charge of the relief funds after the departure of Dr Devine, is not apparently wholly free from scandal.

Alameda is not the only county in the State where the slackness of party ties is shown by conventions of one party endorsing the candidates of another. In Santa Clara county, where the normal Republican majority is not less than 1500 the Republican convention endorsed five of the Democratic nominees. Among those so endorsed are the assessor, county clerk and tax collector. Apparently a nomination of the majority party is not considered equal to an election in Santa Clara, although the majority is also 500 in a total vote of 8000.

"Hands off the English language!" cries President Wheeler. The English language is not the exclusive possession of any nation or individual he continues and is not to be altered without consulting the whole body of the English speaking nations. This energetic defense of our tongue proves that Benjamin Ide Wheeler is a good advertiser. He knows exactly when to butt in and never fails to do so. The British newspapers will now hold him up to European eyes as a great scholar.

The foolish depositors of the Hibernian Bank who recently participated in the run on that institution and drew out their money will have abundant leisure now that their panic is over to repent their stupidity in sacrificing the interest their money had earned.

The registration of voters in San Francisco is confirming the testimony of the public school enrollment that the population is not today much in excess of one third what it was prior to April 18.

INQUIRE AT THE LAND OFFICE

EDITOR TRIBUNE For several years I have read your excellent paper and note with pleasure its steady expansion, as also its success as an advertising medium. I wish to add a word in praise of your office force whose courtesy I consider exceptional. In a recent Sunday edition you had an article on a distribution of government land in Dakota by drawing. Would you kindly inform me through your columns where one could obtain information regarding similar public drawings (not yet opened) in any part of the United States.

Register and Vote, Citizens!

For some reason or other voters in Alameda county are very backward about registering. Many of the most responsible business men and property-owners in the county have neglected to register, have not even taken the trouble to ascertain when registration closes. It is a common thing to hear men say they are too busy to take the time to register. Others think the registration of two years ago holds good.

Such evidences of incivism are disheartening. While women are striving for the right of suffrage, their husbands, fathers and brothers are neglectful of the duties and obligations of citizenship and are so absorbed in business or pleasure that they regard the exercise of the franchise as a bore. Yet they are ready enough to complain if anything goes wrong in the political machinery.

Registration will close on the twenty sixth of September. Every citizen who fails to register by that time will be disfranchised for the November election. It is necessary for voters to register in advance of every general election, hence having registered in 1904 is of no avail for this election. If citizens would familiarize themselves with a few facts regarding the election law they would save themselves much trouble and avoid being disfranchised.

To register and vote is the duty of every citizen. It is a duty that may not be safely shirked. In a government based upon popular suffrage voting is a responsibility that it is almost treasonable to avoid. When a man does neglect to vote he foregoes not only his rights and duties as a citizen but surrenders his right to even criticize the management of governmental affairs. Having voluntarily disfranchised himself he has no title to consideration and has no claim upon those invested with office.

It is to be hoped that these facts will sink into the minds of the citizens who are too busy or too indifferent to register. We trust they will wake up to their responsibilities as citizens prior to the twenty sixth of September and register, so as to be prepared for the still graver responsibility of casting a ballot in November. No true patriot should fail to register and vote.

REGISTRATION ON INCREASE

County Clerk Is Trying Hard to
Register All the
Voters

Compared to the registrations previous to the recent convention the number of voters now making affidavits is considerably greater. There are still nine days left for the man with a ballot to make himself eligible to cast it for his candidate and it is expected that 2000 names a day will be filed before the registration closes on the 26th. There are possibly about 30,000 of the 40,000 voters in Oakland registered. The latter number is of course approximate as it is difficult to tell how many persons this county received from San Francisco.

Early in the season County Clerk Cook made a trip to the surrounding towns with a corps of deputies and secured from 3000 to 4000 names. Since then deputies have been stationed in Berkeley, Alameda, San Leandro and other places and latest reports state that registrations there are very heavy.

There are also a number of deputies on the ferry boats and they are doing good work many of these men are from Alameda. The candidates are also lending a hand and by the end of the week the local clerks believe they will be swamped with the thousands of names that will pour in upon them.

MUCH CHEAPER

Grape Nuts Accomplished What Ocean Travel and Medicine Could Not

It is not what you eat but what you do that gives strength. Many a man drops around near after a real hair pull because his food is not digested and he takes first one kind of medicine and then another without relief—because medicines can not tell the place of well digested food and never will.

Give nature a fair chance as a prominent German American of Chicago did and if you're in a bad way from stomach trouble read what he says and try it on.

About a year ago he writes I was afflicted with stomach trouble which so tormented me I had to quit work. I grew so lean I was mere skin and bones.

I had the advice of six different doctors and two college professors. One thought I had cancer of the stomach, another advised a change of climate and recommended ocean travel. I decided to follow this last and went abroad for three months.

But my health became worse and worse. The least amount of food caused me awful pain and I obtained relief only by having my stomach pump ed out.

Nothing did me any good. Soon I could take no food at all except sinned out meat then a time came when I could not even take that. I lost courage and prepared myself to die. At that time my wife sent to die. At that time my wife brought me a package of Grape Nuts but I had no confidence in anything more.

She finally persuaded me to take a few spoonfuls of the new food and to my surprise I retained it and had no diarrhoea. That made me feel fine and encouraged me to make another trial for life. For several months I ate nothing else—ever day a bowl of Grape Nuts with cream and thus I regained my health my old time weight and am now as well as ever. I could not live without Grape Nuts some given by Postum Co Battle Creek Mich.

There's a reason. Read the little book "The Good to Health" in detail.

THE TRIBUNE'S PAGE OF SPORTS EDITED BY EDDIE SMITH

HER LOVE FOR BERGER AND O'BRIEN BATTLES IS WARM

(As sung by Blanche Savoy Harvey)
My Battling though your eyes are black

I'm coming back
Though fifty guns smoke to kill
I'd love you still
The only ring I need is that
I cheered you at
To me you're merely dirt
When you art hurt
I yearn to soothe your gnawing pain
Till you are fit to fight again
My doughty Dane

No indeed! It's no such a thing!
It's perfectly horrid to believe the nasty things people say about a girl just because they think she's after a fellow's money. Blanche Savoy Harvey loves Battling Nelson just as much as she ever did, and she isn't afraid to say so. So there now!

In fact she has said so. The brutal and beguiling Blanche has sent out a telegram from Hazel Newell reads: "Saw your article. Feel just the same toward Nelson as before the fight. What do you think about that now? You guys that go around knocking a poor little actress just because you have a hunch she's out for the dust?"

But best of all the beautiful and bewitching Blanche says she's going to write a letter putting it all down in black and white. A love letter from Blanche. Yum yum! Goo goo!

If you really knew the way the bashful and blushing Blanche ate up the miles from Chicago to get to the durable Dane before Celia Fay who was on her way from Los Angeles you wouldn't have thought she had a mercenary bone in her body. And Celia lay! That horrid creature! I'd like to scratch her eyes out! The race turned out a dead heat but the affections of the blonde and benignant Blanche never wavered.

Let it be understood right now that Battling Nelson is neither a bigamist nor a Turk. Twenty three for that. He simply can't help fascinating the girls and that's why the blooming Blanche and the charming Celia rushed to his side and watched him while that dark shadow in the ring made his face look like a map of Chile. There was another little bunch of sweetness a daughter of Italian skies—but that's another story and she's a meddling minx too.

Now the beautiful Blanche won out 't'l the Battling Berserker didn't skidder for Celia though she's really a very nice girl you know. Then people began to wai what Blanche's eyes were growing vague and distant when they contemplated the diminishingiceps Nelson might expect. They saw Nelson's visage blanched more at that than at game.

But oh dear no it isn't so! The blessed Blanche says so herself. She says her feelings are just the same. That means a mini-tr and maybe in a little while Nelson roiling the adle sure!

And just listen to this right hot from the camp.

Reno, Sept. 12.—The Battler left for the Jumbo mining district near Virginia City where he has invested heavily in a mining claim to inspect the property. Blanche confessed that the long discussed Sam Berger Jack O'Brien match was finally made last night by Jimmy Coffroth the noted promoter. Jack Gibbons represented O'Brien and Nate Berger appeared for his brother. The heavy weights will meet in the open air at Colma on the afternoon of Thanksgiving Day in a forty five round go. The purse will be divided \$7 and 5 per cent.

The men will fight according to the articles they signed in Chicago weeks ago. These were carefully drawn up and approved by both fighters and as neither has seen fit to suggest any changes in them since they are supposed to be good enough to govern the battle.

According to the articles the men will fight straight Marquis of Queensbury rules with no hitting in the clinches. Both have agreed to wear fingerless skin gloves on their hands instead of bandages. This is a sort of hobby of O'Brien's and as Berg has no preference this little detail is easily adjusted at the Chicago conference.

The referee for the fight will be named ten days before the contest. O'Brien says he favors Grane or if the latter will not act he will stand for any good man. Berger has not ruled on the referee question yet but it is expected that he will be easily satisfied.

O'Brien left for Los Angeles last evening on the Owl before the match was arranged. He gave his power of attorney to his representative, Jack Gibbons, feeling certain that the match would be made without any hitch. Jack will carry but a few days in the south planning an early return so that he can select suitable training quarters.

Berge is expected to arrive here in the next week or ten days. He will wire his brother today from Chicago. His theatrical engagement closes in the Windy City so he will likely come direct to this city.

The rival managers are still wrangling over the minor details of the fight. At midnight last night they were still in the midst of their makeup so Promoter Coffroth left them to fight it out. He says the match is made so far as he is concerned and the managers can settle their own differences between themselves.

FIRST SHOW IN HAWAII A SUCCESS

HONOLULU, Sept. 18.—The first dog show in the Territory of Hawaii was held last week. The list of entries was very satisfactory and included almost every breed of dog that can be of use or ornament. An inspection of the bench revealed some really fine canines some of them as good probably as could be found anywhere.

In the building division was an exhibit which had a peculiar interest apart from the building itself. The dog is the property of John M. Kelly and is in the "W" W. F. Young office in San Francisco en route to Honolulu from the east, when the employees of April 10 occurred. One of the employees of the company saved the dog and took it to Oakland whence it was forwarded to his present owner, Secretary Vredenburg of the American Kennel club said. I very agreeably surprised at the showing made with the dogs. In the collies and setters the exhibition is particularly strong and there are some good pointers here too. I cannot say that I fancy the bulls. They seem light boned to me and the bull terriers are spoiled in the cropping although there are some fine bodied dogs among them. A terrier's ears should come up to a needle point, no none of these do. I have been admiring the cocker spaniels shown here as well as some of the individuals of other breeds.

The election resulted in the unanimous selection of the following members: President, T. B. Smith; vice-president, F. Holmes; secretary, T. E. Free; treasurer, J. S. Willson. The committee on arrangements for the coming B. C. L. field day was appointed as follows: T. E. Free chairman; E. Macaulay and J. S. Willson. The entries for this field day which will be on the afternoon of October 4 must be handed in to the chairman of the committee not later than Monday, October 1.

A very important change in the rules of the relay race took place. Last season the three leagues named, the San Francisco Bay Counties and Academic leagues adopted the standing touch after each lap in the relay and that the short lap should come last. This season the athletic delegates to the B. C. L. decided that their league have the running touch and the short lap first as of old. The reason for the change was that the standing touch gave rise to too many protests on the part of the contestants. It appears that the spring field day will have a five man relay team instead of the six-man team. However, nothing definite was decided upon at yesterday's meeting and the regular number of men will run in the coming event.

FINAL CONTEST TO BE HELD TONIGHT

The final of the two step contest the preliminary heats of which have occupied attention at the Lakeside skating rink on Tuesday and Friday nights for the past few weeks is to be held at that skating pavilion this evening. The winners of the various preliminary battles to compete for the gold medal offered to the most graceful and proficient couple.

Since the cream of the performers in this line is thus brought together there should be no lack of diversion for the spectators and lively time for the competitors who will have to strive vigorously since there is to be much talent pitted against them.

Last night the first heat of the high school championship race was held the opening having been postponed from last Monday evening because not all of the entrants could be present then.

Heats are to be held every Monday evening. Thursday night of this week there is to be a mile open race with the cracks of the coast entered.

The complete entry list has not yet been made out but the presence of a number of the fast skaters makes it evident that there will be no lack of material.

Bert then reviewed his trip to the east to get assistance from organized baseball.

"I was promised \$14,000," he said, "and of that amount we have received

CAL EWING'S COURSE IS DEFENDED BY BERT

J CAL EWING, the Baseball Magnate

SAYS CALIFORNIA CLUBS HAVE DONE THEIR PART AND IT IS UP TO SEATTLE TO FINISH.

SEATTLE Sept. 18.—President Bert of the Pacific coast league who arrived here last night opened the ball with a statement that the California clubs had done their part and it was up to Seattle to finish. His first act was to reinstate Eddie Householder suspended for pushing Umpire Klopf last Sunday on the ground that the report of the affair had been exaggerated and Householder had been punished enough.

Speaking of the Native Son argument being used here President Bert said:

"The Coast league owes a great deal to Cal Ewing. He has spent his own money on different occasions to help us. When things looked the darkest he came to the front. And right here let me say that not one penny of the money deposited by the different clubs has been used. The deposit fund amounts to \$3000 and it is in the International Banking Corporation's vaults."

Bert then reviewed his trip to the baseball to get assistance from organized

"I was promised \$14,000," he said, "and of that amount we have received

ODD THINGS IN BALL NEWS

One of the peculiar things of the present baseball season is the number of clubs that have two or more players whose surnames have the same letter. And what's more the majority of these clubs are the crack-brackets of their leagues. It would look as if the alliterative line up is the right one for the manager who is out to land a winner.

The Chicago Nationals' salary list contains the names of Slagie Schreckard, Schulze and Steinfeld.

The Chicago Americans have Dan & Dougherty, Donohue and Dundon.

The New York Nationals have Shannon, Seymour, Smith and Stranahan, Bowerman, Brown and Bremerman, McCowan, McDonald and McCann.

The New York Americans have Clark, Conroy, Clarkson and Cheston.

The Buffalo team leading the eastern league has Morris, McConville, Manus, McMillan and McAllister.

In the Birmingham club leading the southern league are to be found Molesworth, Montgomery, Meeks and Mathews.

Grand Rapids standing number one in the central league has Gensel, Groeneweg and Goyer.

Portland leading the Pacific coast league has McFale, Mitchell, McCreadie, Morris and McLean.

Worcester at the top in the New England league has Burkett, Bradley and Barber.

Camden South Carolina league permanent winners has on its roster the names of Winnie, Weatherby, Wolf and Well.

But it is evident that all teams cannot win under this rule as may be seen in the case of the St. Louis Nationals with Bennett, Beebe, Brown, Barry, Burch and Buckley. Perhaps too many allites are hoodooed.

TOURNAMENT OF JUNIORS PLAYED

The boys of the Oakland Junior Tennis Club competed in a Round Robin Singles Tournament which was begun four weeks ago and was ended Saturday. The tournament resulted as follows:

Moffet won 8, lost 1.

Nash won 8, lost 1.

Hodgkins won 7, lost 2.

Evans won 4, lost 3.

Lincoln won 4, lost 4.

Lands won 4, lost 5.

Davis won 3, lost 6.

Gibson won 3, lost 7.

Whittle won 1, lost 6.

Hoff won 6, lost 0.

SAN LEANDRO WINS FAST GAME

SAN LEANDRO, Sept. 17.—Yesterday the San Leandro nine defeated Haywards in a slugfest.

Peterson started to pitch for Haywards but was wild and from the third inning Shimp threw the ball over the plate only to be slammed to all corners of the lot. Bodie and Kennedy both getting hits and runs the latter on a lost ball in the grass.

Quite a crowd attended the game and although the game was one sided it was quite interesting.

Hitt inspired the game and pleased

the crowd with his decisions.

San Leandro has two and Haywards one game won of the series to date.

Herewith is the tabulated score:

BIGGEST CELEBRATION IN HISTORY OF CITY

Fiesta of Progress Will Be One of
the Grandest Affairs Ever
Held Here.

The interest manifested in the proposed Fiesta of Progress insure a very

ideal of respect for the originality of my fellow citizens and certainly there

would be no lack of financial support. So let her b—

After making a partial canvass of the city, Sheriff W. Douthat the tem-

porary secretary reports that there is a very general desire to do something

to hold such a celebration or rather

such a demonstration of progress as is

proposed would be the end of November

or the first of December, at which time

all the stores will be making their

holiday displays and the bringing in

of thousands of people into Oakland

will effect a great deal of business.

Mr. Douthat points out that this is the

first Christmas in history when shoppers

within a radius of one hundred miles

of San Francisco will be forced to

do a large portion of their holiday

shopping in this city. It is the grand

est opportunity for a practical adver-

tisement that could possibly occur.

The heart of Oakland lends itself very eas-

ily to decorative and electrical display

the main streets are broad and afford

excellent facilities for processions band

concerts, etc., and just at this time

when all the scaffolding and other re-

lief of April 18 have been removed

Oakland presents a more health and

attractive spectacle than any other

city in northern or central California.

There is no doubt that the Traction

company will be present and make the

celebration a success. Your suggestions

have been made but some of the mag-

nificent electrical display that has

distinguished Sacramento's electrical

street displays be introduced.

However the field is unlimited and at

Thursday's meeting matters will

assume a definite shape.

MINNEAPOLIS OFF FOR CUBA

Triple Screw Cruiser Has Large
Amount of Ammunition
on Board

PHILADELPHIA Sept 18.—The big
trip screw cruiser Minneapolis with

8" marines and a large quantity of
ammunition and other supplies on
board sailed from the League Island
navy yard today for Cuba, under com-

mand of Captain Fiske. The Minneap-

olis arrived here last week and was be-

ing put into commission when

rush orders were issued from Wash-

ington to immediately prepare the

cruiser for sea. At the same time mi-

litary were ordered here from Boston

Brooklyn, Annapolis, Washington and

Dorfolk and they went aboard the

Minneapolis yesterday. Captain Fiske

declined to say to what particular cu-

ban port he had been ordered.

THE HAGUE Sept 18.—The States

General was opened today. The speech

from the throne opening parliament

dealt almost entirely with proposed do-

mestic legislation. It was announced

that bills had been prepared for the

permanent enlargement of sources of

income. These include an income tax

an increase in the stamp duty on bonds

and a duty on the sale of tobacco. A

revision of the customs tariff will fol-

low. The excise duty on sugar will be

lowered and that on spirits will be

raised.

A bill extending the financial

autonomy of the East Indian colonies

was announced.

SEEKS ASSEMBLY HALL

With a view to seeking the aid of

the board Percy A. R. Dow director

of the Cecilia Choral Union 1075 Clay

Street applied for the use of the as-

sembly room in the Chabot observatory

to hold meetings every Tuesday night

for the society.

In his letter Dow said the union was

organized for the cultivation and ad-

vancement of choral singing especial-

ly of the best music such as cantatas

and oratorios. The membership is

now from the general public any

and voice male or female being elig-

ible to join. It is intended to be self-

porting admissions to concerts—

each year being by invitation.

Owing to the increased mem-

bership and crowded condition of its

new rehearsal room the club finds

it after three weeks without a

sitting place and therefore asked the

board for its assistance to this a public

institution. In granting the use for

ekly meetings of the assembly room

every Tuesday evening the club in re-

cent will be pleased to extend to all

teachers in the school department vo-

cal to the class of the school as was

before done. The cost will be nominal.

This room is to be opened for the

accommodation of the pupils of the

third and fourth grades especially.

We would appreciate the cooperation

of the school houses and sites com-

mittee to get the class by partition

the second floor as was done before.

The cost will be nominal.
